

Board of Directors Call for Nominations

Child Care Providers Resource Network is a non-profit charitable organization that provides information, training, resources, and support to those looking after children in a home setting.

We are currently looking for passionate, committed, community-minded individuals to join our volunteer Board of Directors.

Ideal volunteers have knowledge of and an interest in home child care. Good communication skills are essential and skills, knowledge, or experience in one of the following areas would be an asset:

- * Marketing
- * Fundraising/Grant Writing

Previous Board experience is not necessary. This is a wonderful opportunity for parents, home child care providers, community partners, and/or mature students seeking to gain experience with a volunteer Board.

Board meetings are virtual, directors can volunteer from anywhere in the province.

At CCPRN, we are intentional about nurturing a workplace environment that is both engaging and exciting. You will work alongside dedicated, passionate, and reliable team members, all of whom uphold a culture of success through a creative, empowering, supportive, and warm approach to supporting parents and home child care providers.

Please visit www.ccprn.com to learn more about our organization.

Applications, including a full résumé, should be addressed to CCPRN Board President Brenda Burns and sent to julie@ccprn.com no later than March 25th, 2022, at 5pm.
